

ORAL PRESENTATIONS

**20<sup>th</sup> World Congress of Paediatric  
and Adolescent Gynaecology**

# Education and Innovation

(Friday, 19.05. 14.30-15.30 Atlantic& Pacific)

## Sarah Channing

BritSPAG online multi-disciplinary team case-based discussion (BritSPAG MDT CBD) sessions; a novel educational approach in Paediatric and Adolescent Gynaecology (PAG)

## Anizah Ali

Oncofertility services for children and adolescents : Malaysia's pioneering oncofertility center's experience

## Yuchen Zhang

A study of pre- and post-perception comparisons and evaluation of satisfaction and influencing factors among physicians with pediatric and adolescent gynecology subspecialty training in China

## Anna Torres

Integration of PAG into undergraduate obstetrics and gynecology curriculum using a combination of simulation-based and work-place teaching.

## Jerilee Azhary

Uterine Transplant- Perspectives of Malaysian women with absolute uterine factor infertility : A questionnaire-based study

## Berna Dilbaz

Evaluation of online training programme for health service providers developed for prevention of child marriages and forced marriages

Vasileios Karountzos

Improvement of anorexia nervosa female adolescents' sexuality after complete weight restoration

Varvara Ermioni Triantafyllidi 1, Mundhir Semm Ally Basinda 2, Margaret Sylvester Tayari 2, Ahlam Amour 2, Nassor Rashid Hamad 2, Ferenc Macsali 3, Lina Michala 1

Barriers in health care and education for adolescent girls in Tanzania. A qualitative analysis Tanzania

Florin Mihai Sandor

Features and outcomes of adolescent deliveries during COVID-19 pandemic – a bicentric study

Maria van Veelen

Gynaecological and Social Outcomes for Teenage Pregnancies from 2020 to 2022 in Stoke-on-Trent, the fifth most deprived area in the United Kingdom

Lejla Hamidović

Analysis of adolescent births at general hospital novi Pazar

Liliane Diefenthaler Herter

Ischemic stroke and the use of etonogestrel implant on adolescent

# 3

## Surgery in PAG I (Friday, 19.05. 14.30-15.30 Adriatic)

He Huang

Disease spectrum and clinical characteristics of pediatric and adolescent gynecology inpatients—a single medical center study of 538 cases in 12 years

Yasmin Jayasinghe

Utility of risk of malignancy indices to predict ovarian malignancy in children and adolescents

Andrius Čekuolis

Ultrasound diagnosis and management of ovarian torsions in girls and adolescents

Marina Jakimovska Stefanovska

Bilateral ovarian fibromas in premenarchal girl with Gorlin-Goltz syndrome

Liyang Sun

Detection Experience of Gene Mutation for Patients with McCune-Albright Syndrome from Cases reports

Dabao Xu

Vaginoscopic incision of an oblique vaginal septum before menarche

Karina Matusiak

Undescended ovary complicated by a cyst with contralateral tubo-ovarian agenesis.

# HPV Vaccination

(Friday, 19.05. 14.30-15.30 Sava)

4

Olga Kciuk

Human papillomavirus immunization in childhood cancer survivors

Viktorija Jovanovska

Knowledge gaps and knowledge acquisition of HPV infection and HPV vaccines among medical students in North Macedonia

Ilma Dadić

Current genotypical HPV vaccination coverage among females in Canton Sarajevo, Bosnia and Herzegovina

Ivana Todić

Knowledge and attitudes towards reproductive health and methods of contraception among adolescent students from nursing school

Ermioni Tsarna

HPV vaccination status among a socioeconomically deprived population in Greece and risk factors of non-vaccination

# 5

## Social considerations (Friday 19.05. 16:00-17:00 Atlantic & Pacific)

[Irene Dingeldein \(A.Wüest\)](#)

Pain Levels of Women Diagnosed with Endometriosis: Is There a Difference in Younger Women?

[Sarah Channing](#)

An outpatient service evaluation in a UK tertiary referral centre for paediatric and adolescent gynaecology

Factors affecting health seeking behavior on primary dysmenorrhea in universitas pelita harapan students

[Iryna Alex. Tuchkina](#)

Peculiarities of menstrual function and psycho-emotional state in adolescents during the war

[Dyana Safitri Velies](#)

Comparison between facial pain scale, verbal rating scale, visual analog scale and numeric rating scale on pain intensity of dysmenorrhea

# Congenital anomalies

(Friday 19.05. 16:00-17:00 Mediteran)

6

Silvia Alejandra Bonsergent

Clinical Features and decision making of congenital vaginal agenesis combined with cervical aplasia: Case report and literature reviews

Yiying Sun

Clinical Features and Surgical Outcomes of Complete Vaginal Atresia Complicated with Cervical Malformation

Zoárd T. Krasznai

Successful surgical treatment of complete cervical agenesis with duplicate uterus associated with severe DIE

Weronika Zajaczkowska

Symptomatic uterine rudiments in adolescents with Mayer-Rokitansky-Küster-Hauser syndrome (MRKHS)

Olga Kciuk

Accessory cavitated uterine mass: two cases of an atypical uterine anomaly

Peter Koliba

Juvenile cystic adenomyosis or accessory cavitated uterine mass (case report)

# 7

## Surgery in PAG II (Friday 19.05. 16:00-17:00 Adriatic)

Marina Jakimovska Stefanovska

Complete androgen insensitivity syndrome in two sisters

Hevra Ekin Ulusoy

Development of Ovarian Gonadoblastoma with Dysgerminoma in an Adolescent with 46, XX Pure Gonadal Dysgenesis

Michail Diakosavvas

A single center 10-year experience in adolescents treated with gonadectomy for XY karyotype

Akbota Yerlan

Iatrogenic abdominal wall endometriosis after Strassman's metroplasty in adolescent girl with congenital malformation - A case report

Shen Qiuxiang

Conservative management of cervical mullerian adenosarcoma with sarcomatous overgrowth in a 13-year-old adolescent: A case report and literature review

Marjan Stojovski

Vaginoplastic surgery in rare case of congenital vaginal atresia complicated with hematocolpos – Case report

Nik Sumayyah Nik Mhd Nor

Vaginal double crossplaty: step-by-step

Hevra Ekin Ulusoy

Prevalence of Bleeding Disorders in Postmenarchal Adolescents Presenting with Heavy Menstrual Bleeding and Acute Anemia Requiring Urgent Treatment

Maria Tsiriva

Induction of puberty- an audit of adherence to the new european society guidelines

Olga Kciuk

High-dose progestin therapy for heavy menstrual bleeding in the setting of severe Factor VII deficiency

Styliani Roidi

Bone marrow transplant sequel.A qualitative review.

Maria Tsimeki

Triple X syndrome: A lost chance to conceive

Ivonne Bedei

Position of physicians and patients regarding instruments of early detection of Turner Syndrome

Khaled Bani Al-Marjeh

Procedure in a rare case of Turner Syndrome with a partial Y-translocation

# 9

## Vulvovaginal/Anogenital conditions (Sunday 21.05. 10.30-11.15 Atlantic)

Lan Yu

Analysis of Skin Microbiota in girls with vulvar lichen sclerosus

Lee Poh Ching

The Introduction of Malecot Catheter and Modified Corrugated Stent Insertion in Transverse Vaginal Septum and its Outcomes

Gao Huihui

Clinical features and etiological analysis of 4644 cases of Vulvovaginitis among Children and Adolescents in China before and during COVID19 pandemic

Ipek Evruke

Hysteroscopic Management of Cervicovaginal Adhesions Presenting as Long-Term Sequelae of Vulvovaginal Graft-Versus-Host Disease

Aleksandra Veselinović

Neglected intravaginal foreign body and possible complications

# Surgery in PAG III

(Sunday 21.05. 10.30-11.15 Pacific)

10

Yelena Luchshayeva

Endometrioma in adolescents: differential diagnosis, management, outcomes

Maja Miličković

Adnexal masses surgery in prepubertal and adolescent girls during COVID-19 pandemic

Jelena Sabljak

Ovarian volume in premenarchal girls - a reference guide for routine pelvic ultrasonography

Eva Homolková

Mayer – Rokitansky – Küster – Hauser syndrome. Case Report.

Angeliki Rouvali

Vaginoplasty in a 18-year-old with Cloaca

# Hormones in adolescents

(Sunday 21.05. 10.30-11.15 Mediteran)

Mariam Gugushvili

Energy Homeostasis in Adolescence with Polycystic ovary syndrome

Michael Yafi

Evidence of PCOS in teenagers with type 2 diabetes

Stefano Di Michele, Elena Pittui

Ovarian ultrasound and circulating androgens in PCOS: new perspectives with the use of liquid chromatography combined with mass spectrometry (LC-MS/MS)

Li Zhu, Huihui Gao, Qiuxiang Shen, Liying Sun

Female delayed puberty due to 17- $\alpha$ -hydroxylase Deficiency—a case report

Jerilee Azhary

Indonesian jamu-induced hyperestrogenism with endometrial polyp as a cause of Dysfunctional Uterine Bleeding in Adolescence: A case report
